## Vijay Velayudhan

Contract Management Consultant

Vijay provides project delivery and dispute resolution Contract Management expertise on construction and engineering projects with a ME focus.

In a career spanning nearly 27 years to date, Vijay has demonstrated expertise in managing large-scale construction contracts, handling variations, extension of time claims with prolongation costs, as well as arbitration and litigation processes. His extensive contract management knowledge enable effective coordination with legal counsels, barristers, and delay and quantum experts, contributing to successful resolution of matters. Vijay began his career as a Quantity Surveyor in 1998, gaining extensive experience in the quantum aspects of construction contracts.

After serving 12 years in senior quantity surveying roles, he transitioned to the role of Contracts Manager, where he continued for another 10 years, focusing on construction contract management. During this period, he was involved in four ad-hoc arbitrations governed by the laws of the Sultanate of Oman. His responsibilities spanned the entire arbitration process, from claim submission to receipt of the awarded amount, including enforcement, and he also served as a key witness in these arbitration proceedings.

After 22 years of extensive experience in post-contract management, claims, dispute resolution, and arbitration, he was assigned to work with the Legal Department, reporting directly to the company's Legal Advisor. Over the past five years, he has been actively involved in multiple arbitration proceedings Governed by the laws of the Sultanate of Oman and England & Wales, as well as supporting various litigation cases-including commercial, civil, labour, and penal matters-where he assisted appointed experts with technical and contractual inputs.
